## Overview

This two-hour workshop, sponsored by a partnership between Northeastern Technical College and the Greater Cheraw Chamber of Commerce, is a FastTrac program designed to build and sustain strong, vibrant communities and economies.

Participants will learn how to stratify inventories and evaluate the real money making items from slow moving, low margin items using EXCEL spreadsheets.

Mike Bell, area manager for the Small Business Development Centers of South Carolina, will facilitate this workshop for new or existing small business owners, industry professionals or aspiring entrepreneurs.
