

Northeastern Technical College's Division of Continuing Education Presents:

Smart Business Recycling Workshop

Tuesday, September 22, 2009

12 noon – 2:00pm

NETC Cheraw - Room 212

Presenter: Amanda St. John, Program Coordinator with DHEC's Office of Solid Waste Reduction and Recycling

Cost: FREE

Why should my organization recycle?

Not only is it the right thing to do, it also can save you money in avoided disposal costs as well as possibly create new revenue through the sale of recovered material. No matter what type of organization you are, you can benefit.

The S.C. Smart Business Recycling Program offers free, confidential, non-regulatory services including:

- **Site visits** to assess reuse, waste reduction and recycling opportunities
 - **Technical assistance** including telephone consultations and best management practices;
 - **Research and contacts** for potential markets, service providers and beneficial reuse;
 - **A state recognition program; and workshops.**
