Description of Course

AOT 110 emphasizes speed, accuracy, and developing document formatting skills using keyboarding competencies.

Purpose of Course

To further develop skill to an intermediate level, to increase speed on timed writings, and to develop accuracy. To learn to format various types of reports, tables, letters, and memos. To further realize the importance of proofreading all material and striving for a minimum goal of 45 wpm for five-minutes within a five-error limit by the end of the semester.

Description of Module 2

In Module 2 the students will format formal report projects, international business documents, medical office documents, and legal office documents. They will learn to key text at a minimum of 45 words per minute for 5-minutes with no more than 5 errors by the time they complete the module.

Introduction

Getting Started

Working with Specialized Applications is the **second** of **three** modules included in AOT 110. In Module 2 the student will work with specialized applications using the **Gregg College Keyboarding and Document Processing** textbook, GDP software, and Microsoft Word 2007 software program.

Each module must be completed in order. Students may exempt any of the three modules by completing the timed writings, and hands-on production tests with a score of at least 90% on each test. Below is a list of the modules:

Module Title	Percentage of Course Grade
Module 1: Advanced Formatting of Business Documents	30%
Module 2: Working with Specialized Applications	30%
Module 3: Designing & Using Business Documents	40%

Guidelines for taking AOT 110 Online

You have registered for AOT 110 online for the fall semester. If you haven't already purchased your textbook, you will need to do that as soon as possible. Along with the textbook you will receive the Word 2007 manual and the student registration code needed for this course. You will have to have Microsoft Word 2007 to use this software and complete the requirements for this course. All documents have to be completed using Word 2007. I do not accept any work done in Word 2003. If you have any problems, please feel free to contact me.

You will need to go to the NETC web site to print the three modules required for AOT 110. You can find these on my faculty web page under Online Course Modules/Outlines. They will be listed as AOT 110 Module 1, AOT 110 Module 2, and AOT 110 Module 3. The modules will explain in detail what you will be required to do for this course. There is a deadline for each module to be completed. You must meet these deadlines or you will be given a "0" for every lesson not turned in by the deadline. Once you complete a module, you will be required to come to campus, when I'm on campus, to complete the required test and timed writing for that particular module.

Guidelines for taking AOT 110 Online continued

You will be required to do all exercises in each lesson and the documents listed in the modules. I do not require all documents to be completed for each lesson, so please follow the modules carefully. If you do a document that's not listed in the module, it will not be graded. I will open the documents in Word 2007 and grade them. I will mark all errors in Red and return it to you with a grade. For me to keep up with your work, please work on your required course assignments at least once each week. All weekly assignments must be completed no later than 9 p.m. on Monday evening of each week.

You will use the student registration code and instructions I sent you to log into the web site for your keyboarding course. Make sure you sign in under the course AOT 110 (T40) Online.

Please make sure you follow the instructions given to you in the message you received from the college concerning your TechOnline Course Request. The information on the NETC web site is for your benefit. Please read the guidelines and policies for taking online courses.

Attendance Policies

Your attendance will be monitored by your completing the assignments and uploading them to the web site on a weekly basis. You will be counted absent for each week you don't upload assignments to the web site. After you miss over three weeks, you will be dropped from the course with a grade of "F" for excessive absences.

Credit Awarded

Upon satisfactory completion of **all three modules**, the student will earn three semester hours of credit. Students must earn a minimum of 77 in the course (grade of C or better) before they can advance to the next level of keyboarding (AOT 210–Document Production). **Due dates for lessons are on page 14.**

Module 2 Title	Lessons Covered	Test Due Date	Percentage of Module Grade
Working with Specialized Applications	Lessons 81-100	No later than June 30, 2011	Lessons—60% Production Test—30% Timed Writings—10%

Students must complete the requirements for Module 2 before advancing to Module 3.

Method of Instruction

This is a self-paced course, with each student working at his or her own pace. The instructor will give due dates for the completion of the activities/assignments and/or test.

Students are to complete all drills, practice exercises, timed writings, and documents listed for each lesson. The lesson exercises are to be printed and turned in for checking. Documents must be printed and turn in with lessons exercises. Documents will be given a numeric grade, with all documents averaged together to come up with the lesson grade.

Students will be given two timed writings and a production test at the end of the module. Students need to score at least a 77 (grade of C) on the production test before going on to Module 3. Students must key at least 40 words per minute for 5 minutes with no more than 5 errors to get credit for the timed writing grades. The test grade and timed writing grades will be averaged with the lesson grade to get the final grade for this Module. The student has to have an overall score of at least 77 (grade of C or better) on Module 2 before he/she can advance to Module 3. The module grade will count as 30% of the course grade.

Technology Requirements

When students purchase the new textbook they will also receive a student registration code required to log in to the Gregg Keyboarding software web site. In order to use this software, the student will need to have Microsoft Word 2007 on their personal computer. Students may complete the required assignments/documents for each lesson at home or at one of the NETC community campus sites. All documents must be completed using Microsoft Word 2007 software or they will not be accepted. All required objective and production tests, and timed writing tests must be taken during class time with the instructor present. All assignments for the module must be turned in no later than the due date. No assignment will be accepted after the due date. Students will be required to do an average of four lessons per week for grading. If lessons aren't turned in by the date they're due, they won't be accepted. Students will be allowed to work on test timed-writings up to one week. All test time-writings have to be done during class with the instructor present.

Materials Required

Students must purchase the following textbooks:

Timed Writing - based on the following scale:

40 - 44	wam for 5 minutes with 5 errors or less	- 60
45 - 49	wam for 5 minutes with 5 errors or less	- 70
50 - 54	wam for 5 minutes with 5 errors or less	- 80
55 - 59	wam for 5 minutes with 5 errors or less	- 90
60+	wam for 5 minutes with 5 errors or less	- 100
